WHY ATTEND AAPM'S SAFE OPIOID PRESCRIBING COURSE?

1 WORLD-RENOWNED EXPERTS IN PAIN

The course is planned with input from a broad base of physician experts and designed to be directly applicable to your practice. It can help you troubleshoot the cases you see each day in your practice and answer your questions.

2 OUTSTANDING EDUCATION—ACCME'S ACCREDITATION WITH COMMENDATION

AAPM's education was awarded Accreditation with Commendation by the Accreditation Council for Continuing Medical Education (ACCME). The 6-year accreditation is the highest accreditation awarded by the ACCME.

3 COURSE GOALS REFLECT AAPM'S LONG-TERM, PUBLIC-HEALTH-ORIENTED VISION.

- Decrease unintentional deaths from prescription opioid analgesics related to chronic pain treatment plans.
- Decrease emergency room admissions for prescription drug overdoses in patients prescribed opioid analgesics.
- Reduce admissions to opioid substance abuse treatment centers for patients prescribed opioid analgesics.
- No decrease in access to appropriate opioid therapy in the treatment of chronic pain.

INTENDED AUDIENCE

All primary care physicians and clinicians committed to

- minimizing the risks and reducing the number of deaths associated with opioid analgesics in the treatment of chronic pain
- maintaining access to the appropriate use of opioid analgesics for the millions of American adults who suffer from chronic pain

CONTINUING MEDICAL EDUCATION CREDITS

AAPM is accredited by the ACCME to sponsor continuing medical education (CME) for physicians. AAPM designates this educational activity for up to 36.75 AMA PRA Category 1 Credits®, including up to 20 hours of Performance Improvement CME.
