

Seeking a Pain Physician?

The American Academy of Pain Medicine (AAPM) is the preeminent medical association of more than 2,500 physicians who approach pain care with inclusive science and research that reaches across all the specialties that treat pain.

APM members come from a variety of disciplines and work settings and are involved in basic research, clinical research and treatment, advocacy, and public policy.

AAPM's Career Center is an online resource designed to help you recruit qualified specialists in the field of Pain Medicine. The AAPM Web site generates more than 7,000 unique visits monthly.

- **Unmatched exposure for job listings** - the premier job site for Pain Physicians
- **AAPM** represents the largest audience of qualified Pain Physicians
- **67%** of AAPM members work in a private practice and have direct patient contact
- **Qualified Candidates** -73.5% of AAPM members have more than 5 years practicing pain medicine
- **Access to the National Healthcare Career Network**—Have your position viewed by more than 50,000 potential candidates.
