

Case Study Submission for Participants of the
AAPM Patient-Centered Quality Pain Care Initiative
a Performance Improvement CME activity

If you wish to submit a case study for next month's teleconference, please email to Molly Wolfe (mollywolfe113@gmail.com). Case studies must be submitted one week prior to the scheduled teleconference to be included in discussion. **(Please use a pseudonym and do NOT provide any other identifying information to ensure that patient privacy is protected. See the patient privacy guidelines in the introduction for this module.)**

Patient Demographic information

Gender **M** **F**
